Read the following quote. Explain the quote **in your own words**, then draw a conclusion about one way Texas was impacted by the Civil War.

“War times began their hard pinch here and one of the clearest memories I have of them is that mother had no tea, we gathered the leaves of Upon [yaupon] shrub . . . they made a substitute, but only a substitute; then white flour was almost impossible to get, and no one had white bread but Mother and Mary—Mary because she was delicate . . . [As for clothing,] Confederate money was of little value and even if it had been, cloth was almost impossible to get.”
